

Proposed Advisory Opinion: Restrictions on Elected Officials Soliciting/Accepting Campaign Support From Enforcement Subjects

The Joint Commission on Public Ethics (the “Commission”) is seeking informal comments on a proposed advisory opinion related to Public Officers Law §74 with regard to the activities of state elected officials and whether they may solicit or accept campaign contributions or other forms of support for a political campaign from a subject of the official’s enforcement powers.

Please submit any comments, questions, or suggestions to the Commission by email to jcope@jcope.ny.gov. We respectfully request that anyone interested in providing comments do so prior to the November 17, 2015 Commission meeting.
