In my view, he should give us a new FOIL request, and you should forward it to Mariya.

The original reporter to make the FOIL request for chopper records, Jim Odato, stopped by to ask for records for the month of June. Recall that he obtained the records for Jan-May. How do we proceed? Does the fact that there are ongoing reviews affect our ability to respond to this request? He seems to think his previous FOIL request covers his current request.
