I would answer "No." (Does he ever stop making stuff up?)

You may also want to note:

1. The AG/DA inquiries relate to Senator Bruno, not to Darren or Rich, or to any "ES/JP dispute". He should not conflate the separate inquiries.
2. The IG inquiry relates to whether we asked the State Police to conduct surveillance on Senator Bruno. As we have said before, no such request was ever made, and his story that this occurred is completely false, so why would they need private counsel?

Hi Christine, I've been told that Rich Baum and/or Darren Dopp have or are about to hire outside counsel to advise them during the AG/DA/IG inquiries/investigations of the on-going ES/JP dispute, and wonder if that's true. thanks,
Fred Dicker
