Well ok others will be more problematic - I am holding till I have them all - I am waiting for one - I would ask you to look and we can review then. Bottom line - he always goes from official event to official event - other stuff in between sometimes. C

We've provided our actual schedules, unredacted. Think a Dean meeting in the context of a full day of other activities is no problem.

OK. Will do. I'd ask for your opinion on whether any of it should be redacted as he had some non-public events on these trips. For example he took the plane on March 14th to Washington to attend the National Lieutenant Governors' Association winter meeting and during that trip the schedule also shows that he had a meeting with DNC Chair Howard Dean.
Let me know what you think best. I'll get these pages together and fax them to your office.

hi

I've taken this up myself to try to get it right and I've got most of the dates tied down
how do you want it in terms of format - shall I give you a synopsis of the purpose of each trip and events
involved

OR do you need actual copy of the calendar

OR?

thx

Charles

p.s. I hope we get some press asking DAP questions in Buffalo....
