# INTRODUCTION

On June 13, 2011, the New York State Legislature passed, and on August 15, 2011, Governor Andrew M. Cuomo signed into law, the Public Integrity Reform Act of 2011 (the “Act”). The Act comprehensively reformed the oversight and regulation of ethics and lobbying in New York State – a key component of which was the establishment of the new independent agency, the Joint Commission on Public Ethics (the “Commission”). (See Executive Law §94 attached hereto as Appendix A.)

The Commission assumed and continued the business and records of its predecessor agency, the Commission on Public Integrity (“CPI”), but was granted broader regulatory authority and oversight to include state legislators, candidates for the Legislature, and legislative employees, as well as the four statewide elected officials, candidates for those offices, executive branch state employees, certain political party chairs, and lobbyists and their clients.

This report covers work and information received by CPI in 2011, including data relating to ethics and lobbying regulation. The report also highlights information about the Joint Commission on Public Ethics, including its new organizational structure, its emphasis on training and compliance, as well as certain regulatory changes pursuant to the Act.

Among other information detailed below, total lobbying expenditures for 2011 reached a record level of \$220 million, surpassing 2010 expenditures by approximately \$7 million. The Committee to Save New York ranked at the top of the list for total lobbying expenditures for the year, reporting nearly \$12 million in total spending. The American Beverage Association, which topped the 2010 list with nearly \$13 million in lobbying expenditures, dropped from the top 10 list for 2011 with less than \$400,000 in total reported lobbying spending. The top four lobbyists ranked by reported compensation and reimbursed expenses remained the same in 2011 as in 2010. Additional summaries of

lobbying data are included in this report. The full 2011 listing of lobbyists and public corporations and their financial data is attached hereto as Appendix B.

# THE JOINT COMMISSION ON PUBLIC ETHICS

## *The Public Integrity Reform Act of 2011*

---

Pursuant to the Public Integrity Reform Act of 2011, the new Commission, which was formally constituted in December of 2011, continued lobbying and ethics oversight functions of predecessor agencies, but has broader regulatory authority and oversight to include state legislators, candidates for the Legislature and legislative employees, as well as the four statewide elected officials, candidates for those offices, executive branch state employees, certain political party chairs, and lobbyists and their clients. The Public Integrity Reform Act of 2011 also expanded the disclosure and reporting requirements for those within the Commission's jurisdiction.

The Commission is made up of 14 commissioners, three appointed by the Temporary President of the Senate, three appointed by the Speaker of the Assembly, one appointed by the Minority Leader of the Senate, one appointed by the Minority Leader of the Assembly, and six appointed by the Governor and the Lieutenant Governor. The Commission chairperson is selected by the Governor. Terms for commissioners vary and are set forth in the statute.

The Commission meets at a minimum bimonthly, and appoints an executive director to run the functions and administration of the agency.

### ***The Executive Director***

---

Prior to assuming her role as executive director, Ms. Biben served as New York State Inspector General. From 2007 through 2010, she served as special deputy attorney general for public integrity in New York State Attorney General's Office. Ms. Biben received her Bachelor of Arts degree from Wesleyan University and her law degree from the University of Southern California Law Center, where she was executive editor of the Law Review.

Executive Director Biben assumed her duties at the February 28, 2012 meeting of the Commission, at which time she made the following introductory statement:

*Chairwoman DiFiore and members of the Commission, I am honored by the critical and rare opportunity that you have given me to work with you to help build this Commission and help restore public trust in government.*

*For too long, stories of corruption and abuse have dominated the news; stories of public servants serving themselves and their friends. New Yorkers have rightfully grown cynical.*

*Let us take the opportunity we have before us to reestablish for New Yorkers that public service is a noble pursuit – and that government shall be based on integrity and performance.*

*New Yorkers deserve a government that leads by example, one which puts performance over politics and public service over self interest.*

*To do this, government must regain the trust of the people it serves, and helping rebuild that trust must be one of this Commission's main goals.*

*We must focus first and foremost on the tools we have to help those involved in state government understand and comply with state ethics and lobbying requirements - using our powers to promote transparency wherever possible, and making education, training and guidance our highest priority and available to all.*

*Through the Public Integrity Reform Act and the establishment of this Commission, the Governor and the Legislature very clearly made ethics a statewide priority - and we must meet this mandate by ensuring that the Commission has impact and is accessible throughout the state.*

*Our first step is to build and staff the Commission – and to that end - as you know - one of the specific duties set forth in the statute is for the Executive Director to prepare a staffing plan for the Commission's review and approval. Over the last few weeks I have been working in consultation with the Chair and staff to prepare a staffing plan that is responsible, sensible and will serve the Commission's directives. The plan is based on a reorganization and consolidation of the existing structure to emphasize the core functions of the office and accommodate the Commission's expanded authority and oversight.*

*Later today I will present this plan to you in greater detail- I do this today, on my first day – because I share the concern you have expressed to me – that our*

*tasks ahead are challenging and we do not have time to waste. I look forward to your support so that we can begin to build the team we need to get to work immediately on our first priorities: clearing the backlog of investigations and requests for guidance; developing and making public policies and procedures for our own governance; expanding our education and training programs including online programs, and beginning the redesign of our web site to maximize compliance and transparency – all which are key components of our mandate.*

*Trust comes through knowledge and transparency. We start here and now on the process of earning from all New Yorkers their trust by demonstrating that this is a new day for ethics in New York State government. I thank you again for giving me the opportunity to assist you in the critical work of this Commission and look forward to working with each of you.*

*Ellen N. Biben*

At the February 28, 2012 meeting, Executive Director Biben presented the Commission with a proposed organization of the agency and staffing plan, which proposed a statewide presence for the agency. The Commission approved the plan, the structure of which is as follows:

## THE JOINT COMMISSION ON PUBLIC ETHICS

## *Recent Changes to the Lobbying Act*

---

Legislative Law Article 1-A (“Lobbying Act”) (as most recently amended by Chapter 399, Laws 2011) mandates that the Joint Commission on Public Ethics provide full and complete disclosure as to the identities, activities, and expenditures of those attempting to influence the governmental decision-making process in New York State on both state and local levels.

The Public Integrity Reform Act of 2011 expanded the definition of lobbying to include the introduction or intended introduction of legislation; added new disclosure requirements for lobbyists, clients, and public corporations; and amended and clarified certain provisions of the gift ban.

The new disclosure requirements under the Public Integrity Reform Act of 2011 include:

- The disclosure by lobbyists and clients of any "reportable business relationship" with a public official or entities with which they have an interest as set forth in the statute. (Legislative Law §§1-c (w); 1-e (c) (8) and 1-j (b) (6)).
- Effective June 1, 2012, the disclosure by certain lobbyists and clients of each source of funding in excess of \$5,000 that was used to fund lobbying activities as set forth in the statute. (Legislative Law §§1-h (c) (4) and 1-j (c) (4)).

Developing guidelines and regulations for these new disclosure requirements is a priority for the Commission.

The new law amended and clarified certain provisions of the gift ban as follows:

- Excludes from the definition of “gift”, food or beverage valued at \$15 or less as set forth in the statute. (Legislative Law §1-c (j)(xii)).
- Clarifies the “widely attended event” exception to apply to an event at which there is attendance by at least 25 individuals who are not from the governmental entity in which the public official serves, and the public official’s attendance is either related

to his or her duties or responsibilities or allows the public official to perform a ceremonial function as set forth in statute. (Legislative Law §1-c(j)(ii)).

### ***2011 Lobbying Data***

---

During the lobbying year ending December 31, 2011, 6,099 lobbyists registered and filed reports, representing 3,535 clients. In addition, 18 public corporations registered and filed reports on behalf of themselves. (Legislative Law §§1-c(i), 1-e, and 1-i). During the same period, 56 public corporations retained lobbyists, and filed as clients of these lobbyists.

Staff continued to encourage lobbyists and clients to use the online filing system. Electronic filers may view the status of their filings online and make necessary changes immediately.

- ✦ In 2011, approximately 97 percent of lobbyists and 55 percent of clients used the online filing system to submit their registrations and reports.
- ✦ The online application automatically notifies filers of minor filing errors prior to submission and prompts the filer for corrections. This has significantly reduced manual processing by staff.

All filings received by the Commission are reviewed for accuracy and completeness. In 2011, 45,000 filings and lobbying contracts were reviewed.

Reportable lobbying expenses, such as advertising, legislative receptions, and "lobby days" are monitored by Commission staff to ensure that the groups funding such activities are registered as required and that the associated event costs are properly disclosed in lobbying reports. In 2011, clients reported \$30,804,020 for advertising expenses, and \$1,256,299 for event-related expenses.

The Commission's oversight extends to lobbyists and clients attempting to influence any local law, ordinance, rule, regulation and rate pending before certain municipalities or its

subdivisions. (Legislative Law §1-c(k)). A total of 414 registrations were filed for lobbyists active on local issues. The Commission's jurisdiction also extends to procurement lobbying on the state and local level. Approximately 25 percent of all lobbying registrations filed reported procurement lobbying activities.

Groups attempting to influence government continue to spend record amounts to lobby state and local decision makers. According to the client semi-annual reports filed, \$220 million was spent on lobbying in 2011, representing an increase of approximately \$7 million from the year before.

Pursuant to statute, the complete 2011 listing of lobbyists and public corporations including compensation and reimbursed expenses is attached hereto as Appendix B.

The Commission's ethics oversight includes administration of the Financial Disclosure Statement program, ethics training, and enforcement of ethics laws under the Public Officers Law, Executive Law, and the Civil Service Law.

## ***Recent Changes to the Financial Disclosure Provisions***

---

Pursuant to the Public Integrity Reform Act of 2011, effective for 2012, Financial Disclosure Statements required by legislators, candidates for those offices, and legislative staff will be filed with the Commission.

Effective January 1, 2013, the Commission will implement new disclosure requirements which will require all filers to report on their annual Financial Disclosure Statements, clients or customers to whom they personally provide services, or to whom the filer's partnership or firm provides services, in excess of \$10,000 as set forth in the statute. (Public Officers Law §73-a(3)). In addition, the categories of value on the Financial Disclosure Statements will be expanded to provide greater and more precise disclosure of monetary values. Pursuant to Executive Law §94(19), all Financial Disclosure Statements will be publicly available, including the categories of value.

## ***2011 Financial Disclosure***

---

Public Officers Law §73-a requires state officers or employees who receive compensation in excess of the filing rate of an SG-24 (which was \$88,256 in 2011), or who hold a policy-making position as determined by their appointing authority, to file Financial Disclosure Statements. This requirement applies to heads of state departments, boards, bureaus, divisions, commissions, councils, state agencies, and members or directors of public authorities, as well as the State University of New York and City University of New York. The four statewide elected officials (Governor, Lieutenant Governor, Attorney General and Comptroller), the state chairs of recognized political parties and certain county chairs of these parties are also required to file Financial Disclosure Statements.

The Commission may grant an exemption from filing to individuals who earn above the filing rate. An exemption request may be submitted either by an individual or by a state agency or employee organization on behalf of a group of individuals who share the same job title or employment classification. For an exemption to be granted, an individual's job duties may not involve the negotiation, authorization, or approval of:

- ✦ contracts, leases, franchises or similar matters;
- ✦ the purchase, sale or rental of real property, goods or services;
- ✦ the obtaining of grants of money or loans; or
- ✦ the adoption or repeal of rules or regulations having the force and effect of law.

In calendar year 2011, 25,389 individual Financial Disclosure Statements were filed; 86 percent of which were filed electronically and 14 percent of which were submitted as paper forms.

## *Overview*

---

In 2011, CPI opened 134 investigations of alleged ethics and lobbying violations and issued 19 Notices of Reasonable Cause (“NORC”). Under the new statute by which the Joint Commission on Public Ethics will conduct its investigations, the NORC has been replaced by a “Substantial Basis Investigation Report”. The Substantial Basis Investigation Report must be approved by the Commission pursuant to Executive Law §94(13). The Substantial Basis Investigation Report is a public document that alleges a violation of the law: it is not a finding of guilt.

Under the new law, the enforcement authority has been expanded, authorizing the Commission to both impose civil penalties, and where appropriate, refer for criminal prosecution certain violations of the Public Officers Law. In addition, the Commission now has jurisdiction to investigate potential ethics law violations by members of or candidates for the Legislature, and legislative employees. In the event that the Commission finds a substantial basis to conclude that such a violation has occurred, it shall submit a report to the Legislative Ethics Commission which may then assess penalties.

## *2011 Settlement Agreements and Civil Penalties*

---

Investigations can be resolved by settlement or by imposition of a civil penalty following an adjudicatory hearing. In 2011, there were 11 final dispositions, and they are summarized in the following chart.

The Joint Commission on Public Ethics issues both formal advisory opinions and informal advisory opinions to individuals and entities within its jurisdiction. Formal advisory opinions are issued upon approval of a majority of the Commission. Each formal opinion discusses the application of the law to the particular facts presented in the request and serves as precedent for the determination of future matters.

Such an opinion is binding on both the Commission and the individual requesting the opinion in any subsequent proceeding, provided that the requesting individual acted in good faith and neither omitted nor misstated any material facts.

Informal opinions serve as guidance, but are not binding on the Commission. Informal opinions are issued on matters where formal opinions already have established precedent. Individuals who receive informal opinions, which are confidential, may request a formal opinion from the full Commission.

In 2011, CPI issued 97 informal opinions, and three formal advisory opinions. The following are summaries of these formal advisory opinions. For a more detailed discussion of the issues raised in these opinions, individuals are advised to read the entire text of the opinions which are published on the Commission's website at [JCOPE.NY.GOV](http://JCOPE.NY.GOV).

### ***Advisory Opinion No. 11-01:***

---

An Executive Chamber employee asked for clarification of the application of Public Officers Law §§73(8)(a)(i) and (iv) to former officers and employees who served in the Executive Chamber. In its response, it was concluded that in accordance with Public Officers Law §73(8)(a)(i), Executive Chamber employees are prohibited from appearing, practicing or rendering services for compensation in relation to any case, proceeding or application before the Executive Chamber for a period of two years following their separation from state service. In addition, under Public Officers Law §73(8)(a)(iv), enacted in 2007, it was

determined that former Executive Chamber employees are prohibited from appearing or practicing before any “state agency”, as that term is defined in Public Officers Law §73(1)(g), for a period of two years following their separation from state service, but are not prohibited from rendering services for compensation in relation to any case, proceeding or application before the state agency during that time period

The determination was based on the reasoning that since the 2007 statute does not include the “rendering service” clause (the so called “backroom services ” prohibition) contained in the two-year bar, former Executive Chamber employees are not prohibited from engaging in backroom services before state agencies other than the Executive Chamber for two years following their separation from the Executive Chamber.

### ***Advisory Opinion No. 11-02:***

---

In response to a request from a former employee of the New York City Transit Authority (“NYCTA”), it was held that the lifetime bar prohibits the former state employee from receiving compensation for services in relation to his participation in a Request for Proposal (“RFP”) and any resulting contract to evaluate a system over which he previously had high-level project and technical management responsibilities while employed by the NYCTA. It was further held that the lifetime bar did not bar the former state employee’s firm from participating in the RFP or any resulting contract.

### ***Advisory Opinion No. 11-03:***

---

In response to a request, it was determined that Public Officers Law §73(8)(a)(ii), the lifetime bar, prohibits a former employee of the Department of Health from performing services related to the amendment or revocation of regulations she participated in drafting while in state service.

It was found that the former state employee's participation in such services would constitute "rendering services in relation to a transaction with respect to which she was directly concerned, in which she personally participated, and which was under her active consideration while in state service," and thus a violation of the lifetime bar.

Largely overruling Advisory Opinion No. 10-05, Advisory Opinion No. 11-03, found that the term "transaction" must be given a more expansive and less time-constrained meaning than was held in Advisory Opinion No. 10-05. In so doing, Advisory Opinion No. 11-03 held that Public Officers Law §73(8)(a)(ii) does not only prohibit a former state employee from working "on" a transaction on which he or she worked while in state service; it prohibits services "in relation to" a transaction on which he or she worked, even when the transaction has been completed.

## *Outreach, Training, and Educational Services*

---

Training and education is a top priority for the Commission. The Public Integrity Reform Act of 2011 expanded the scope of required training to include online ethics training for members of the executive and legislative branches of state government, as well as registered lobbyists. The Commission is currently developing these online training programs so that they can be launched as soon as possible. The Commission will also develop and administer an online ethics orientation course for individuals required to file the Financial Disclosure Statement and will provide ethics seminars for individuals who have previously completed an ethics course. The Commission is dedicated to ensuring that training and education, including enhanced online programs, is accessible and available to all individuals subject to its jurisdiction throughout the state.

## *Ethics in Government Training*

---

On January 2, 2011, Governor Andrew M. Cuomo signed Executive Order No. 3 that required mandatory ethics training every two years for all Executive Chamber staff and top level state officials. In 2011, ethics training was provided to 5,956 state employees utilizing a combination of online and instructor-led training. The two-hour training program guides participants through the ethics requirements provided by Public Officers Law §§73, 73-a, 73-b, 74 and Civil Service Law §107.

## *Lobbying and Procurement Training*

---

In 2011, CPI conducted 17 training sessions of “*Lobbying Reporting and Requirements.*” The introductory course outlined recent changes to the Lobby Act and provided participants with a better understanding of who is required to register with the Commission. Attendees were instructed on topics that included: biennial statement of registration, fees, filing the

bi-monthly reports, due dates, online filing and final lobbyist responsibilities upon termination of their contract.

Members of the lobbying community were encouraged to participate in the online training “*Lobbying Act Training & Education*” (LATE) program that was specifically designed to educate the participants on common mistakes made by new filers. In 2011, 66 individuals successfully completed this online LATE course and used it as an alternative to late fee assessments for first-time filers. Lobbyists will now be required to take ethics training once in every three years as defined in the Public Integrity Reform Act of 2011.

In an effort to assist users of the Commission’s Lobbying Online Filing System, two additional “Help on Demand” (HOD) online instructional modules were released in 2011 that explored changes to the expense sections found on both lobbyist and client forms. The “Help on Demand” training series provides step-by-step instruction on navigating the online filing system and is available on the Commission website at [JCOPE.NY.GOV](http://JCOPE.NY.GOV).

### *Educational Outreach, e-Library of Materials, and “Green” Publications*

---

In an effort to reduce waste, save energy and conserve resources, the Commission provides all of its instructional materials in electronic format online, including copies of the *Public Officers Law (POL)* booklet and published training handouts, and the “*Financial Disclosure Statement: Form Overview and Instruction*” workbook. An entire page on the Commission’s website is dedicated to providing an updated electronic library (*e-Library*) of training and reference materials available for download.

## §94. Joint commission on Public Ethics; functions, powers and duties; review of financial disclosure statements; advisory opinions; investigation and enforcement.

---

1. There is established within the department of state a joint commission on public ethics which shall consist of fourteen members and shall have and exercise the powers and duties set forth in this section with respect to statewide elected officials, members of the legislature and employees of the legislature, and state officers and employees, as defined in sections seventy-three and seventy-three-a of the public officers law, candidates for statewide elected office and for the senate or assembly, and the political party chairman as that term is defined in section seventy-three-a of the public officers law, lobbyists and the clients of lobbyists as such terms are defined in article one-A of the legislative law, and individuals who have formerly held such positions, were lobbyists or clients of lobbyists, as such terms are defined in article one-A of the legislative law, or who have formerly been such candidates. This section shall not be deemed to have revoked or rescinded any regulations or advisory opinions issued by the legislative ethics commission, the commission on public integrity, the state ethics commission and the temporary lobbying commission in effect upon the effective date of chapter fourteen of the laws of two thousand seven which amended this section to the extent that such regulations or opinions are not inconsistent with any law of the state of New York, but such regulations and opinions shall apply only to matters over which such commissions had jurisdiction at the time such regulations and opinions were promulgated or issued. The commission shall undertake a comprehensive review of all such regulations and opinions, which will address the consistency of such regulations and opinions among each other and with the new statutory language, and of the effectiveness of the existing laws, regulations, guidance and ethics enforcement structure to address the ethics of covered public officials and related parties. Such review shall be conducted with the legislative ethics commission and, to the extent possible, the report's findings shall reflect the full input and deliberations of both commissions after joint consultation. The commission shall, before February first, two thousand fifteen, report to the governor and legislature regarding such review and shall propose any regulatory or statutory changes and issue any advisory opinions necessitated by such review.
2. The members of the commission shall be appointed as follows: three members shall be appointed by the temporary president of the senate, three members shall be

appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, one member shall be appointed by the minority leader of the assembly, and six members shall be appointed by the governor and the lieutenant governor. In the event that a vacancy arises with respect to a member of the commission first appointed pursuant to the chapter of the laws of two thousand eleven which amended this subdivision by a legislative leader, the legislative leaders of the same political party in the same house shall appoint a member to fill such vacancy irrespective of whether that legislative leader's political party is in the majority or minority. Of the members appointed by the governor and the lieutenant governor, at least three members shall be and shall have been for at least three years enrolled members of the major political party in which the governor is not enrolled. In the event of a vacancy in a position previously appointed by the governor and lieutenant governor, the governor and lieutenant governor shall appoint a member of the same political party as the member that vacated that position. Prior to making their respective appointments, the governor and the lieutenant governor and the legislative leaders shall solicit and receive recommendations for appointees from the attorney general and the comptroller of the state of New York, which recommendations shall be fully and properly considered but shall not be binding.

No individual shall be eligible for appointment as a member of the commission who currently or within the last three years:

- (i) is or has been registered as a lobbyist in New York state;
- (ii) is or has been a member of the New York state legislature or a statewide elected official or a commissioner of an executive agency appointed by the governor; or
- (iii) is or has been a political party chairman, as defined in paragraph (k) of subdivision one of section seventy-three of this article.

No individual shall be eligible for appointment as a member of the commission who currently or within the last year is or has been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law.

3. Members of the commission shall serve for terms of five years; provided, however, that of the members first appointed by the governor and lieutenant governor, one shall serve for one year, one shall serve for two years, one shall serve for three years, and one shall serve for four years, as designated by the governor; the members first appointed by the temporary president of the senate and by the speaker of the assembly shall serve for four years and the members first appointed by the minority leaders of the senate and the assembly shall serve for two years.

4. The governor shall designate the chairman of the commission from among the members thereof, who shall serve as chairman at the pleasure of the governor. The chairman or any eight members of the commission may call a meeting.
5. Any vacancy occurring on the commission shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.
6. Eight members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy except where the commission acts pursuant to subdivision thirteen, subdivision fourteen-a or subdivision fourteen-b of this section.
7. Members of the commission may be removed by the appointing authority solely for substantial neglect of duty, gross misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, inability to discharge the powers or duties of office or violation of this section, after written notice and opportunity for a reply.
8. The members of the joint commission shall receive a per diem allowance in the sum of three hundred dollars for each day actually spent in the performance of his or her duties under this article, and, in addition thereto, shall be reimbursed for all reasonable expenses actually and necessarily incurred by him or her in the performance of his or her duties under this article.
9. The commission shall:
  - (a) Appoint an executive director who shall act in accordance with the policies of the commission. The appointment and removal of the executive director shall be made solely by a vote of a majority of the commission, which majority shall include at least one member appointed by the governor from each of the two major political parties, and one member appointed by a legislative leader from each of the two major political parties. The commission may delegate authority to the executive director to act in the name of the commission between meetings of the commission provided such delegation is in writing, the specific powers to be delegated are enumerated, and the commission shall not delegate any decisions specified in this section that require a vote of the commission. The executive director shall be appointed without regard to political affiliation and solely on the basis of fitness to perform the duties assigned by this article, and shall be a qualified, independent

professional. The commission may remove the executive director for neglect of duty, misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, or inability or failure to discharge the powers or duties of office, including the failure to follow the lawful instructions of the commission;

**(b)** Appoint such other staff as are necessary to carry out its duties under this section;

**(b-1)** Review and approve a staffing plan provided and prepared by the executive director which shall contain, at a minimum, a list of the various units and divisions as well as the number of positions in each unit, titles and their duties, and salaries, as well as the various qualifications for each position including, but not limited to, education and prior experience or each position.

**(c)** Adopt, amend, and rescind rules and regulations to govern procedures of the commission, which shall include, but not be limited to, the procedure whereby a person who is required to file an annual financial disclosure statement with the commission may request an additional period of time within which to file such statement, other than members of the legislature, candidates for members of the legislature and legislative employees, due to justifiable cause or undue hardship; such rules or regulations shall provide for a date beyond which in all cases of justifiable cause or undue hardship no further extension of time will be granted;

**(d)** Adopt, amend, and rescind rules and regulations to assist appointing authorities in determining which persons hold policy-making positions for purposes of section seventy-three-a of the public officers law;

**(d-1)** Adopt, amend and rescind rules and regulations defining the permissible use of and promoting the proper use of public service announcements;

**(e)** Make available forms for annual statements of financial disclosure required to be filed pursuant to section seventy-three-a of the public officers law;

**(f)** Review financial disclosure statements in accordance with the provisions of this section, provided however, that the commission may delegate all or part of this review function to the executive director who shall be responsible for completing staff review of such statements in a manner consistent with the terms of the commission's delegation;

- (g) Receive complaints and referrals alleging violations of section seventy-three, seventy-three-a or seventy-four of the public officers law, article one-A of the legislative law or section one hundred seven of the civil service law;
- (h) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request that the commission delete from the copy thereof made available for public inspection and copying one or more items of information which may be deleted by the commission upon a finding by the commission that the information which would otherwise be required to be made available for public inspection and copying will have no material bearing on the discharge of the reporting person's official duties. If such request for deletion is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;
- (i) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request an exemption from any requirement to report one or more items of information which pertain to such person's spouse or unemancipated children which item or items may be exempted by the commission upon a finding by the commission that the reporting individual's spouse, on his or her own behalf or on behalf of an unemancipated child, objects to providing the information necessary to make such disclosure and that the information which would otherwise be required to be reported will have no material bearing on the discharge of the reporting person's official duties. If such request for exemption is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;
- \* (i-1) Permit any person required to file a financial disclosure statement to request an exemption from any requirement to report the identity of a client pursuant to question 8(b) in such statement based upon an exemption set forth in that question. The reporting individual need not seek an exemption to refrain from disclosing the identity of any client with respect to any matter he or she or his or her firm provided legal representation to the client in connection with an investigation or prosecution by law enforcement authorities, bankruptcy, or domestic relations matters; in addition, clients or customers receiving medical

or dental services, mental health services, residential real estate brokering services, or insurance brokering services need not be disclosed.

*\* NB Effective January 1, 2013*

- (j) Advise and assist any state agency in establishing rules and regulations relating to possible conflicts between private interests and official duties of present or former statewide elected officials and state officers and employees;
- (k) Permit any person who has not been determined by his or her appointing authority to hold a policy-making position but who is otherwise required to file a financial disclosure statement to request an exemption from such requirement in accordance with rules and regulations governing such exemptions. Such rules and regulations shall provide for exemptions to be granted either on the application of an individual or on behalf of persons who share the same job title or employment classification which the commission deems to be comparable for purposes of this section. Such rules and regulations may permit the granting of an exemption where, in the discretion of the commission, the public interest does not require disclosure and the applicant's duties do not involve the negotiation, authorization or approval of:
  - (i) contracts, leases, franchises, revocable consents, concessions, variances, special permits, or licenses as defined in section seventy-three of the public officers law;
  - (ii) the purchase, sale, rental or lease of real property, goods or services, or a contract therefor;
  - (iii) the obtaining of grants of money or loans; or
  - (iv) the adoption or repeal of any rule or regulation having the force and effect of law;
- (l) Prepare an annual report to the governor and legislature summarizing the activities of the commission during the previous year and recommending any changes in the laws governing the conduct of persons subject to the jurisdiction of the commission, or the rules, regulations and procedures governing the commission's conduct. Such report shall include: (i) a listing by assigned number of each complaint and referral received which alleged a possible violation within its jurisdiction, including the current status of each complaint, and (ii) where a matter has been resolved, the date and nature of the disposition and any sanction imposed, subject to the confidentiality requirements of this section, provided, however, that such annual report shall not contain any information for which disclosure is not permitted pursuant to subdivision nineteen of this section;

- (m)** Determine a question common to a class or defined category of persons or items of information required to be disclosed, where determination of the question will prevent undue repetition of requests for exemption or deletion or prevent undue complication in complying with the requirements of such section; and
  - (n)** Promulgate guidelines for the commission to conduct a program of random reviews, to be carried out in the following manner: (i) annual statements of financial disclosure shall be selected for review in a manner pursuant to which the identity of any particular person whose statement is selected is unknown to the commission and its staff prior to its selection; (ii) such review shall include a preliminary examination of the selected statement for internal consistency, a comparison with other records maintained by the commission, including previously filed statements and requests for advisory opinions, and examination of relevant public information; (iii) upon completion of the preliminary examination, the commission shall determine whether further inquiry is warranted, whereupon it shall notify the reporting individual in writing that the statement is under review, advise the reporting individual of the specific areas of inquiry, and provide the reporting individual with the opportunity to provide any relevant information related to the specific areas of inquiry, and the opportunity to file amendments to the selected statement on forms provided by the commission; and (iv) if thereafter sufficient cause exists, the commission shall take additional actions, as appropriate and consistent with law.
- 9-a. (a)** When an individual becomes a commissioner or staff of the commission, that individual shall be required to sign a non-disclosure statement.
- (b)** Except as otherwise required or provided by law, testimony received or any other information obtained by a commissioner or staff of the commission shall not be disclosed by any such individual to any person or entity outside the commission during the pendency of any matter. Any confidential communication to any person or entity outside the commission related to the matters before the commission may occur only as authorized by the commission.
- (c)** The commission shall establish procedures necessary to prevent the unauthorized disclosure of any information received by any member of the commission or staff of the commission. Any breaches of confidentiality shall be investigated by the inspector general and appropriate action shall be taken. Any commissioner or person employed by the commission who intentionally and without authorization releases confidential information received by the commission shall be guilty of a class A misdemeanor.

**9-b.** During the period of his or her service as a commissioner of the commission, each commissioner shall refrain from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor, member of the assembly or the senate, attorney general or state comptroller.

**10.** The commission shall prepare materials and design and administer an ethics training program for individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law with respect to the provisions of sections seventy-three, seventy-three-a, and seventy-four of the public officers law and any other law, administrative regulation, or internal policy that is of relevance to the ethical conduct of such individuals in public service, as follows:

**(a)** The commission shall develop and administer a comprehensive ethics training course and shall designate and train instructors to conduct such training. Such course shall be designed as a two-hour program and shall include practical application of the material covered and a question-and-answer participatory segment. Unless the commission grants an extension or waiver for good cause shown, all individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law shall complete such course within two years of the effective date of the chapter of the laws of two thousand eleven which amended this section, or for those individuals elected or appointed after the effective date of the chapter of the laws of two thousand eleven which amended this section, within two years of becoming subject to the financial disclosure requirements of section seventy-three-a of the public officers law.

**(b)** The commission shall develop and administer an online ethics orientation course and shall notify all individuals newly subject to the financial disclosure requirements of section seventy-three-a of the public officers law of such course, which shall be completed by such individuals within three months of becoming subject to such requirements, unless the commission grants an extension or waiver for good cause shown. Individuals who have completed the comprehensive ethics training course shall not be required to complete the online ethics orientation course.

**(c)** The commission shall develop and administer an ethics seminar or ethics seminars for individuals who have previously completed the comprehensive ethics training course. Such seminars shall be designed as ninety-minute programs and shall include any changes in law, regulation, or policy or in the interpretation thereof, practical application of the material covered, and a question-and-answer segment. Unless the commission grants an extension or waiver for good cause shown, such individuals shall be scheduled to attend a

seminar at least once every three years after having completed the comprehensive ethics training course. In lieu of attending an ethics seminar, such individuals may complete a subsequent comprehensive ethics training program.

**(d)** The provisions of this subdivision shall be applicable to the legislature except to the extent that an ethics training program is otherwise established by the assembly or senate for their respective members and employees and such program meets or exceeds each of the requirements set forth in this section.

**(e)** On an annual basis, the joint commission in coordination with the legislative ethics commission shall determine the status of compliance with these training requirements by each state agency and by the senate and the assembly. Such determination shall include aggregate statistics regarding participation in such training, and shall be reported to the governor and the legislature in writing.

**11.** The commission, or the executive director and staff of the commission if responsibility therefor has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

**12.** If a person required to file a financial disclosure statement with the commission has failed to file a disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, provide the person with a fifteen day period to cure the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a statewide elected official, member of the legislature, or a legislative employee, to the temporary president of the senate and the speaker of the assembly; and (c) in the case of a state officer or employee, to the appointing authority for such person. Such notice of delinquency may be sent at any time during the reporting person's service as a statewide elected official, state officer or employee, member of the assembly or the senate, or a legislative employee or a political party chair or while a candidate for statewide office, or within one year after termination of such service or candidacy. The jurisdiction of the commission, when acting pursuant to subdivision fourteen of

this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service, or ceases to hold public or political party office, or ceases to be a candidate, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.

- 13. (a) Investigations.** If the commission receives a sworn complaint alleging a violation of section seventy-three, seventy-three-a, or seventy-four of the public officers law, section one hundred seven of the civil service law or article one-A of the legislative law by a person or entity subject to the jurisdiction of the commission including members of the legislature and legislative employees and candidates for member of the legislature, or if a reporting individual has filed a statement which reveals a possible violation of these provisions, or if the commission determines on its own initiative to investigate a possible violation, the commission shall notify the individual in writing, describe the possible or alleged violation of such laws and provide the person with a fifteen day period in which to submit a written response setting forth information relating to the activities cited as a possible or alleged violation of law. The commission shall, within forty-five calendar days after a complaint or a referral is received or an investigation is initiated on the commission's own initiative, vote on whether to commence a full investigation of the matter under consideration to determine whether a substantial basis exists to conclude that a violation of law has occurred. The staff of the joint commission shall provide to the members prior to such vote information regarding the likely scope and content of the investigation, and a subpoena plan, to the extent such information is available. Such investigation shall be conducted if at least eight members of the commission vote to authorize it. Where the subject of such investigation is a member of the legislature or a legislative employee or a candidate for member of the legislature, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by a legislative leader or leaders from the major political party in which the subject of the proposed investigation is enrolled if such person is enrolled in a major political party. Where the subject of such investigation is a state officer or state employee, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor. Where the subject of such investigation is a statewide elected official or a direct appointee of such an official, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor and be enrolled in the major political party in which the subject of the proposed investigation is enrolled, if such person is enrolled in a major political party.

**(b)** Substantial basis investigation. Upon the affirmative vote of not less than eight commission members to commence a substantial basis investigation, written notice of the commission's decision shall be provided to the individual who is the subject of such substantial basis investigation. Such written notice shall include a copy of the commission's rules and procedures and shall also include notification of such individual's right to be heard within thirty calendar days of the date of the commission's written notice. The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation or that any potential conflict of interest violation has been rectified, it shall so advise the individual and the complainant, if any. All of the foregoing proceedings shall be confidential.

**(c)** The jurisdiction of the commission when acting pursuant to this section shall continue notwithstanding that a statewide elected official or a state officer or employee or member of the legislature or legislative employee separates from state service, or a political party chair ceases to hold such office, or a candidate ceases to be a candidate, or a lobbyist or client of a lobbyist ceases to act as such, provided that the commission notifies such individual or entity of the alleged violation of law pursuant to paragraph (a) of this subdivision within one year from his or her separation from state service or his or her termination of party service or candidacy, or from his, her or its last report filed pursuant to article one-A of the legislative law. Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

**14.** An individual subject to the jurisdiction of the commission who knowingly and intentionally violates the provisions of subdivisions two through five-a, seven, eight, twelve or fourteen through seventeen of section seventy-three of the public officers law, section one hundred seven of the civil service law, or a reporting individual who knowingly and wilfully fails to file an annual statement of financial disclosure or who knowingly and wilfully with intent to deceive makes a false statement or fraudulent omission or gives information which such individual knows to be false on such statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value of any gift, compensation or benefit received as a

result of such violation. An individual subject to the jurisdiction of the commission who knowingly and willfully violates article one-A of the legislative law shall be subject to civil penalty as provided for in that article. Except with respect to members of the legislature and legislative employees, assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor for further investigation. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seriousness of the violation, the amount of gain to the individual and whether the individual previously had any civil or criminal penalties imposed pursuant to this section, and any other factors the commission deems appropriate. Except with respect to members of the legislature and legislative employees, for a violation of this subdivision, other than for conduct which constitutes a violation of section one hundred seven of the civil service law, subdivisions twelve or fourteen through seventeen of section seventy-three or section seventy-four of the public officers law or article one-A of the legislative law, the commission may, in lieu of or in addition to a civil penalty, refer a violation to the appropriate prosecutor and upon such conviction, such violation shall be punishable as a class A misdemeanor. A civil penalty for false filing may not be imposed hereunder in the event a category of "value" or "amount" reported hereunder is incorrect unless such reported information is falsely understated. Notwithstanding any other provision of law to the contrary, no other penalty, civil or criminal may be imposed for a failure to file, or for a false filing, of such statement, or a violation of subdivision six of section seventy-three of the public officers law, except that the appointing authority may impose disciplinary action as otherwise provided by law. The commission may refer violations of this subdivision to the appointing authority for disciplinary action as otherwise provided by law. The commission shall be deemed to be an agency within the meaning of article three of the state administrative procedure act and shall adopt rules governing the conduct of adjudicatory proceedings and appeals taken pursuant to a proceeding commenced under article seventy-eight of the civil practice law and rules relating to the assessment of the civil penalties herein authorized and commission denials of requests for certain deletions or exemptions to be made from a financial disclosure statement as authorized in paragraph (h) or paragraph (i) of subdivision nine of this section. Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or

scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

**14-a.** The joint commission on public ethics shall have jurisdiction to investigate, but shall have no jurisdiction to impose penalties upon members of or candidates for member of the legislature or legislative employees for any violation of the public officers law. If, after its substantial basis investigation, by a vote of at least eight members, two of whom are enrolled members of the investigated individual's political party if the individual is enrolled in a major political party and were appointed by a legislative leader of such political party, the joint commission on public ethics has found a substantial basis to conclude that a member of the legislature or a legislative employee or candidate for member of the legislature has violated any provisions of such laws, it shall present a written report to the legislative ethics commission, and deliver a copy of the report to the individual who is the subject of the report. Such written report shall include:

- (a)** the commission's findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and
- (b)** a determination that a substantial basis exists to conclude that a violation has occurred, and the reasons and basis for such determination.

The joint commission shall also separately provide to the legislative ethics commission copies of additional documents or other evidence considered including evidence that may contradict the joint commission's findings, the names of and other information regarding any additional witnesses, and any other materials. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the joint commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor.

**14-b.** With respect to the investigation of any individual who is not a member of the legislature or a legislative employee or candidate for member of the legislature, if after its investigation the joint commission has found a substantial basis to conclude that the individual has violated the public officers law or the legislative law, the joint

commission shall send a substantial basis investigation report containing its findings of fact and conclusions of law to the individual. With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual's major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to issue a substantial basis investigation report must have been appointed by the governor and lieutenant governor. The commission shall release such report publicly within forty-five days of its issuance.

- 14-c.** With respect to an investigation of a lobbyist, if after its investigation the joint commission has found a substantial basis to conclude that the lobbyist has violated the legislative law, the joint commission shall issue a substantial basis investigation report containing its findings of fact and conclusions of law to the lobbyist and shall make public such report within forty-five days of its issuance.
- 15.** A copy of any notice of delinquency or substantial basis investigation report shall be included in the reporting person's file and be available for public inspection and copying pursuant to the provisions of this section.
- 16.** Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a or seventy-four of the public officers law, other than members of the legislature, candidates for member of the legislature and employees of the legislature, the commission shall render written advisory opinions on the requirements of said provisions. An opinion rendered by the commission, until and unless amended or revoked, shall be binding on the commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense, in any criminal or civil action. Such requests shall be confidential but the commission may publish such opinions provided that the name of the requesting person and other identifying details shall not be included in the publication.
- 17.** In addition to any other powers and duties specified by law, the commission shall have the power and duty to:

  - (a)** Promulgate rules concerning restrictions on outside activities and limitations on the receipt of gifts and honoraria by persons subject to its jurisdiction,

provided, however, a violation of such rules in and of itself shall not be punishable pursuant to subdivision fourteen of this section unless the conduct constituting the violation would otherwise constitute a violation of this section; and

**(b)** Administer and enforce all the provisions of this section; and

**(c)** Conduct any investigation necessary to carry out the provisions of this section. Pursuant to this power and duty, the commission may administer oaths or affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

**18.** Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the commission, and which shall contain the documents identified in subdivision nineteen of this section, other than financial disclosure statements filed by state officers or employees or legislative employees, and any other records or information which the commission determines to be appropriate.

**19. (a)** Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:

**\* (1)** the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except the categories of value or amount, which shall remain confidential, and any other item of information deleted pursuant to paragraph (h) of subdivision nine of this section; *\* NB Effective until January 1, 2013*

**(1)** the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except information deleted pursuant to paragraph (h) of subdivision nine of this section; *\*NB Effective January 1, 2013*

**(2)** notices of delinquency sent under subdivision twelve of this section;

**(3)** notices of civil assessments imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed;

- (4) the terms of any settlement or compromise of a complaint or referral which includes a fine, penalty or other remedy;
  - (5) those required to be held or maintained publicly available pursuant to article one-A of the legislative law; and
  - (6) substantial basis investigation reports issued by the commission pursuant to subdivision fourteen-a or fourteen-b of this section. With respect to reports concerning members of the legislature or legislative employees or candidates for member of the legislature, the joint commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of paragraph (b) of subdivision nine of section eighty of the legislative law.
- (b) Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding, including any such proceeding contemplated under paragraph (h) or (i) of subdivision nine of this section, of the commission shall be open to the public, except if expressly provided otherwise by the commission or as is required by article one-A of the legislative law.
- (c) Pending any application for deletion or exemption to the commission, all information which is the subject or a part of the application shall remain confidential. Upon an adverse determination by the commission, the reporting individual may request, and upon such request the commission shall provide, that any information which is the subject or part of the application remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.
20. If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.
